

A gentle reminder following on from our Newsletter last week. To finish our 'Maths Week' and like every year we always take part in it by getting the children to come to school dressed in 'maths' clothes.

Even though this school year is a little 'different', we'd still like to highlight that maths can be fun on Friday (16<sup>th</sup>) we'd like all children to come dressed once again in appropriate 'maths' gear for the whole school day .

These clothes can have a number somewhere on them, shapes, patterns, stripes, whatever..as long as it's maths related.

Thank you

R Penny
